Subject : FW: data knijpstuwen Mantingerzand west-N2000 natuurontwikkeling
Attachment : Koolveen LWZ en HWZ.xlsx;Menyanthes_20220316082012.csv;image001.png;image002.jpg;image003.png;image004.png;image005.png;image006.png;

Dame en heren,

Vorige bespreking had ik jullie de data toegezegd van de metingen bij de 3 knijpstuwen in het gebied.
Op deze manier krijg je een indruk van de gerealiseerde waterpeilen tov maaiveld- kades – infra en bebouwing.

1. de ontwerpen van de stuwen zijn bij Prolander bekend, idem de destijds verleende vergunning aan NM (circa 2015).
2. Met name de stuw aan de Haarweg laat benedenstrooms van de afwaterende bermsloot een beeld zien van te weinig volume-beschikbare natte ruimte / onderhoudspakket. Daar moeten we bij de aansluitende ontwerpen nog wel iets mee. Meer berging bovenstrooms bijvoorbeeld…etc.

Suc6 bij de uitwerking.

@Ik stuur nog iets van een ontwerpschets voorstel toe.
Met vriendelijke groet,

Waterschap Drents Overijsselse Delta

Onderwerp: RE: data knijpstuwen Mantingerzand west-N2000 natuurontwikkeling

Hoi

Hierbij de bestanden. Ik hoor wel als er vragen zijn.

Met vriendelijke groet,

Waterschap Drents Overijsselse Delta
Dokter van Deenweg 186, 8025 BM Zwolle
Postbus 60, 8000 AB Zwolle

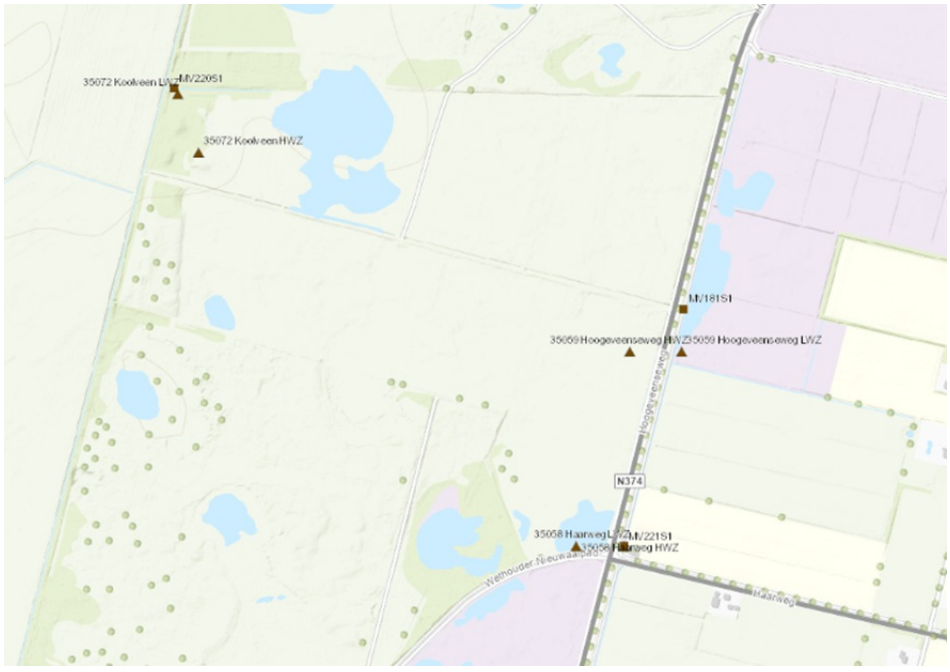
Onderwerp: data knijpstuwen Mantingerzand west-N2000 natuurontwikkeling

Dag

Kun jij **volgende week** de data van de 3 knijpstuwen **Haarweg / Koolveen en Hoogeveenseweg** in dit gebied in een excel bestand plaatsen zodat ik die kan doorsturen naar Sweco – en van Prolander??
Ze staan in de maillijst.
Betreft de boven- en benedenstroomse waterstanden. Zie kaartje.

@ In de data zien jullie dat de bermsloot langs de Hoogeveense weg lang niet altijd vrij afwatert naar onze zuidelijke WDOD-watergang.
Mede hierdoor ook extra wateroverlast thv de (schadeclaim bij WDOD en NM).

Alvast bedankt.



Met vriendelijke groet,

35072 Koolveen HWZ
